Welcome to the Sandown Garden Club.

The Sandown Garden Club was founded in April 2008. We are a member of the New Hampshire Federation of Garden Clubs, Inc. and the National Garden Clubs, Inc. Our symbol is the Lady's Slipper Orchid (*Cypripedium acaule*), which grows wild in the mixed hardwood and pine forests in Sandown and the immediate area.

We meet monthly on the first Monday – March to November in the Sandown Recreation Center at 25 Pheasant Run Drive, about a half mile north of the town hall on Route 121

** Check the Events link on this website for any changes to the meeting dates and times.

The Sandown Garden Club Announces 2018 Scholarship Recipient

The Sandown Garden Club is delighted to announce this year's scholarship recipient. Timberlane Regional High School graduate Emily Dolan is an outstanding student and very deserving of the award. As a student, Emily belonged to several organizations including the Environmental Club and the National Honor Society. After school she enjoys attending a weekly program in which participants make paper and ink from natural materials. In her free time, Emily is an avid reader enjoying both poetry and non-fiction. Among her favorite topics are both Ancient Rome and Ancient Greece. Quiet times are spent practicing hand embroidery. Recently, Emily and her mother have taken up beekeeping and are caring for their first hive. In the fall, Emily plans to attend UNH at Durham where she will pursue a Bachelors of Science in Earth Sciences with a concentration in oceanography.

The Sandown Garden Club is a non-profit organization. The Club is a member of both the New Hampshire Federation of Garden Clubs, Inc. and the New England Region of National Garden Clubs, Inc. Please visit the website: www.sandowngardenclub.org.

A garden is a delight to the eye and solace to the soul –
